WORD SEARCH!

How it works:

DO YOU KNOW THE 21 AMBASSADOR SPECIES OF SHARKS AND RAYS?

Let's find **21 words** together! All you have to do is look at the **word search on the next page** and:

- Look at the list of words that you need to search for
- Search up, down, forward, backward, and on the diagonal to find the hidden words
- Check off each word that you find

*If you are using your **computer**, use your finger to trace the words you find*

*If you **print out** the word search, use blue to circle all the shark species and yellow for all the rays*
